

Salient Characteristics Desktop Power & Wire Management

Salient Characteristics / Desktop Power

The VA Loma Linda is seeking a desk mounted pre-wired electrical system to address the continuously changing mobile devices and computer equipment. The system will provide standard electrical and USB ports. It must meet the following specifications:

- Power and USB combination unit, options available: 1 Power Unit, (2) 2.1A USB Charging Ports, 72" Cord, 3 Power (2) 2.1A USB Charging Ports, 72" Cord, 4 Power (4) 2.1A USB Charging Ports, 72" Cord, 5 Power (2) 2.1A USB Charging Ports, 72" Cord, 1 Power Unit, (2) 2.1A USB Charging Ports, 108" Cord, 3 Power (2) 2.1A USB Charging Ports, 108" Cord, 4 Power (4) 2.1A USB Charging Ports, 108" Cord, 5 Power (2) 2.1A USB Charging Ports, 108" Cord
- Optional Clamp Bracket or Screw Mount
- Mounts to surface thicknesses: .75" – 1.75"
- Optional Clamp Accessory accommodates tables thicknesses up to 2.00"
- Finishes: Gloss White, Gloss Black, Silver, Black
- 15A, 125V, Tamper Resistant receptacles
- 2.1 Amp USB charging ports
- Must be compatible with the existing Daisy Link System which provides an easy solution for connecting multiple units together.
- Integral circuit breaker protection for units with four or more receptacles
- Standard Finish Options Include: Silver, Black, Gloss White & Black Powder Coat.
- cETLus Listed
- ECA Model #: SECL-5-USB-S-108 OR EQUAL TO.

Salient Characteristics / Base Race Wire Manager

The VA Loma Linda is seeking a system of wall wire management to eliminate any opportunity for excess wires, computer cables to be tripping hazards.

The system must meet the following specifications:

- Slim line, tapered shape with serrations so it can hardly be seen in place.
- Invisible hinge for easy opening and closing to change wires
- Length options of 1 Foot up to 6 Feet
- Custom lengths up to 12 Feet.
- Size: 2-1/2" High by 13/16" Wide: 1 to 6 Ft Long
- Color Options: Grey (ONLY)
- Installation: Double-Sided Tape - factory installed.
- Mockett Model #: WM10-6/92 OR EQUAL TO.

Salient Characteristics / Flexible Tube Wire Manager

The VA Loma Linda is looking for a system of flexible wire management to bring electrical and computer cables from height adjustable furniture to the floor outlets. The system must be available in rolls so all length requirements can be resolved without excess or lack of full coverage of the wires. The system accepts wires at any time without removing, re-running or changing any wire already enclosed in the system.

Following are the specifications required:

- Constructed from VELTEX® brand laminated loop fabric with VELCRO® brand fastener, 5/8" Thick.
- Comes with separate mounting squares of double sided tape on one side and VELCRO® brand fasteners on the other for ease of mounting.
- Comes in standard lengths of 10, 25, or 50 feet or in custom lengths of up to 50 feet.

Attachment AAA

- Constructed of 100% Nylon fabric with a thick polyester foam core.
- Color: Black
- Folds to 2" Diameter
- Size: 6" Wide x 10, 25 or 50 Ft. Long. Also available in any cut length up to 50 Ft.
- Meets or Exceeds the following:
 - FMVSS302
 - Flame Spread – 29 California Test 117.
- Warranty: Lifetime
- Mockett Model #: WM11A-50/90 OR EQUAL TO.
